

Brian J. Kapsick

My name is Brian Kapsick, and I am a candidate for the Twin Lakes of Brandon HOA Board of Directors.

Originally from Northeastern Pennsylvania, my wife and I relocated our two daughters to Twin Lakes of Brandon in 2014. Lured by warm weather and sunshine, we eagerly traded our snow shovels for sand toys. This Neighborhood holds everything we were seeking – access to great K-12 schools, amazing proximity to beaches, parks and attractions, and a welcoming and peaceful place to call home.

My Family and I are proud to call Twin Lakes of Brandon home. During these past eight years, we have experienced many memorable things & met many wonderful neighbors here. As we look toward the future, I – as you all do – have a vested interest in preserving the integrity of our Neighborhood. As Residents of Twin Lakes, we all contribute to it's success as a top notch community.

A little about myself, I am an organized and detail-oriented individual. Holding a Master's Degree in Health Care Administration from King's College (Wilkes-Barre, PA), I have spent my entire career in the Health Care & Bio-Pharmaceutical industries. Presently, I serve as a Strategic Account Manager for DENDREON Pharmaceuticals, LLC supporting a multi-million dollar immunotherapy franchise. A people-person by nature, I am privileged to offer solutions to those in need, while executing my role with utmost ethics and values.

I ask for your vote to represent your interests on the Twin Lakes of Brandon HOA Board of Directors.
